

## HAPPY HOLIDAYS!!

Seasons greeting from Bucknell! We hope everyone has a safe and happy holiday season. In few weeks, the real fun begins. With the fall season behind us, the 2002-2003 team anticipates an exciting and successful spring season. Five weeks of intense preseason training kicks off January 22<sup>nd</sup> with hopes of preparing the team for a great year. The team has set numerous goals this year, one being competing in the Patriot League tournament. In order to achieve our goals, your support and encouragement is truly needed. We hope to see you all March 2<sup>nd</sup>, for our season opener against Niagara University in Christy Mathewson-Memorial Stadium at 1 pm. The stadium is located at the entrance to the campus on U.S. Route 15, about seven miles South of Interstate 80. Our first Patriot League game is at American University on Saturday, March 5<sup>th</sup>. **GO BISON!**

\*\*We are proud to say that one of our own lacrosse alumni was honored for her athletic contributions to Bucknell University. On Saturday, November 9<sup>th</sup>, *Margaret Philleo Ricci*, class of 1979, was inducted into the 24<sup>th</sup> class of the Bucknell University Athletic Hall of Fame. Philleo Ricco played four years of lacrosse, as well as competing for three years on the field hockey and basketball teams. While on the field hockey squad, she was selected to the Susquehanna All-Start team for three straight years, and after her junior lacrosse season, was named to the All-Central Pennsylvania second team. Philleo Ricci also received the Scholar Athlete Award in 1979. From everyone here at Bucknell, **CONGRATULATIONS!!**

The entire Women' s Lacrosse program would like to thank everyone that participated in the first annual lacrosse shoot-a-thon. The shoot-a-thon helped us to raise approximately \$7,300 towards our goal of \$22,000. This money is used directly for the women' s lacrosse program, and enabled us to buy new uniforms and warm up sweats. Your donations and pledges help defray the enormous costs of running a successful Division I program. From the athletes, coaches, and administration, thank you!!!

# THANK YOU!!
