BISON TRACK & FIELD/CROSS COUNTRY CAMP

The Bison Track & Field and Cross Country Camp is designed to educate athletes in all areas of training and competing. Each participant will learn the physiology, psychology, and biomechanical aspects of training specific to their event. Coaches from all areas will be on staff to provide individualized instruction. Our goals for each camper are to learn from the staff, increase their passion for cross country and track & field, and grow from their new friendships.

WHO SHOULD ATTEND

Boys and girls entering 7th through 12th grades in the Fall of 2013 who are interested in learning more about training, preparation, and competition in track and field and cross country.

All dorm rooms are double capacity, so campers may indicate one roommate preference. Please make sure you choose the same roommate who chooses you. If you have no preference, you will be housed with someone of your own age and event discipline.
